ASSURANCES - NON-CONSTRUCTION PROGRAMS

Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project costs) to ensure proper planning, management and completion of the project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States, and if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standard or agency directives.
3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standard for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §§794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee-3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to non-discrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.
7. Will comply, or has already complied, with the requirements of Title II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
8. Will comply, as applicable, with provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.
9. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333), regarding labor standards for federally assisted construction subagreements.
10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetland pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to

State (Clear Air) Implementation Plans under Section 176(c) of the Clear Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended, (P.L. 93-523); and (h) protection of endangered species under the Endangered Species Act of 1973, as amended, (P.L. 93-205).

12. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
13. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).
14. Will comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance.
15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) pertaining to the care, handling, and treatment of warm blooded animals held for research, teaching, or other activities supported by this award of assistance.
16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead based paint in construction or rehabilitation of residence structures.
17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations and policies governing this program.
19. Will comply with the requirements of Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. 7104) which prohibits grant award recipients or a sub-recipient from (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) Procuring a commercial sex act during the period of time that the award is in effect or (3) Using forced labor in the performance of the award or subawards under the award.

LIST of CERTIFICATIONS

1. Certification Regarding Debarment and Suspension

The undersigned (authorized official signing for the applicant organization) certifies to the best of his or her knowledge and belief, that the applicant, defined as the primary participant in accordance with 2 CFR part 180, and its principals:

- a. Agrees to comply with 2 CFR Part 180, Subpart C by administering each lower tier subaward or contract that exceeds \$25,000 as a "covered transaction" and verify each lower tier participant of a "covered transaction" under the award is not presently debarred or otherwise disqualified from participation in this federally assisted project by:
 - a. Checking the Exclusion Extract located on the System for Award Management (SAM) at <http://sam.gov> [sam.gov]
 - b. Collecting a certification statement similar to paragraph (a)
 - c. Inserting a clause or condition in the covered transaction with the lower tier contract

2. Certification Regarding Drug-Free Workplace Requirements

The undersigned (authorized official signing for the applicant organization) certifies that the applicant will, or will continue to, provide a drug-free work-place in accordance with 2 CFR Part 182by:

- a. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's work-place and specifying the actions that will be taken against employees for violation of such prohibition;
- b. Establishing an ongoing drug-free awareness program to inform employees about--
 1. The dangers of drug abuse in the workplace;
 2. The grantee's policy of maintaining a drug-free workplace;
 3. Any available drug counseling, rehabilitation, and employee assistance programs; and
 4. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
- c. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a) above;
- d. Notifying the employee in the statement required by paragraph (a), above, that, as a condition of employment under the grant, the employee will--
 1. Abide by the terms of the statement; and
 2. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
- e. Notifying the agency in writing within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
- f. Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d) (2), with respect to any employee who is so convicted?
 1. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
- g. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

3. Certifications Regarding Lobbying

Per 45 CFR §75.215, Recipients are subject to the restrictions on lobbying as set forth in 45 CFR part 93. Title 31, United States Code, Section 1352, entitled "Limitation on use of appropriated funds to influence certain Federal contracting and financial transactions,"

generally prohibits recipients of Federal grants and cooperative agreements from using Federal (appropriated) funds for lobbying the Executive or Legislative Branches of the Federal Government in connection with a SPECIFIC grant or cooperative agreement. Section 1352 also requires that each person who requests or receives a Federal grant or cooperative agreement must disclose lobbying undertaken with non-Federal (non- appropriated) funds. These requirements apply to grants and cooperative agreements EXCEEDING \$100,000 in total costs.

The undersigned (authorized official signing for the applicant organization) certifies, to the best of his or her knowledge and belief, that

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
2. If any funds other than Federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions. (If needed, Standard Form-LLL, "Disclosure of Lobbying Activities," its instructions, and continuation sheet are included at the end of this application form.)
3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

4. Certification Regarding Program Fraud Civil Remedies Act (PFCRA) (31 U.S.C § 3801- 3812)

The undersigned (authorized official signing for the applicant organization) certifies that the statements herein are true, complete, and accurate to the best of his or her knowledge, and that he or she is aware that any false, fictitious, or fraudulent statements or claims may subject him or her to criminal, civil, or administrative penalties. The undersigned agrees that the applicant organization will comply with the Public Health Service terms and conditions of award if a grant is awarded as a result of this application.

5. Certification Regarding Environmental Tobacco Smoke

Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, daycare, early childhood development services, education or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such Federal funds. The law does not apply to children's services provided in private residence, portions of facilities used for inpatient drug or alcohol treatment, service providers whose sole source of applicable Federal funds is Medicare or Medicaid, or facilities where WIC coupons are redeemed.

Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 for each violation and/or the imposition of an administrative compliance order on the responsible entity.

By signing the certification, the undersigned certifies that the applicant organization will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act.

The applicant organization agrees that it will require that the language of this certification be included in any subawards which contain provisions for children's services and that all subrecipients shall certify accordingly.

The Public Health Services strongly encourages all grant recipients to provide a smoke-free workplace and promote the non-use of tobacco products. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

HHS Assurances of Compliance (HHS 690)

ASSURANCE OF COMPLIANCE WITH TITLE VI OF THE CIVIL RIGHTS ACT OF 1964, SECTION 504 OF THE REHABILITATION ACT OF 1973, TITLE IX OF THE EDUCATION AMENDMENTS OF 1972, THE AGE DISCRIMINATION ACT OF 1975, AND SECTION 1557 OF THE AFFORDABLE CARE ACT

The Applicant provides this assurance in consideration of and for the purpose of obtaining Federal grants, loans, contracts, property, discounts or other Federal financial assistance from the U.S. Department of Health and Human Services.

THE APPLICANT HEREBY AGREES THAT IT WILL COMPLY WITH:

1. Title VI of the Civil Rights Act of 1964 (Pub. L. 88-352), as amended, and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 C.F.R. Part 80), to the end that, in accordance with Title VI of that Act and the Regulation, no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the Applicant receives Federal financial assistance from the Department.
2. Section 504 of the Rehabilitation Act of 1973 (Pub. L. 93-112), as amended, and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 C.F.R. Part 84), to the end that, in accordance with Section 504 of that Act and the Regulation, no otherwise qualified individual with a disability in the United States shall, solely by reason of her or his disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity for which the Applicant receives Federal financial assistance from the Department.
3. Title IX of the Education Amendments of 1972 (Pub. L. 92-318), as amended, and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 C.F.R. Part 86), to the end that, in accordance with Title IX and the Regulation, no person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any education program or activity for which the Applicant receives Federal financial assistance from the Department.
4. The Age Discrimination Act of 1975 (Pub. L. 94-135), as amended, and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 C.F.R. Part 91), to the end that, in accordance with the Act and the Regulation, no person in the United States shall, on the basis of age, be denied the benefits of, be excluded from participation in, or be subjected to discrimination under any program or activity for which the Applicant receives Federal financial assistance from the Department.
5. Section 1557 of the Affordable Care Act (Pub. L. 111-148), as amended, and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 CFR Part 92), to the end that, in accordance with Section 1557 and the Regulation, no person in the United States shall, on the ground of race, color, national origin, sex, age, or disability be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any health program or activity for which the Applicant receives Federal financial assistance from the Department.

The Applicant agrees that compliance with this assurance constitutes a condition of continued receipt of Federal financial assistance, and that it is binding upon the Applicant, its successors, transferees and assignees for the period during which such assistance is provided. If any real property or structure thereon is provided or improved with the aid of Federal financial assistance extended to the Applicant by the Department, this assurance shall obligate the Applicant, or in the case of any transfer of such property, any transferee, for the period during which the real property or structure is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. If any personal property is so provided, this assurance shall obligate the Applicant for the period during which it retains ownership or possession of the property. The Applicant further recognizes and agrees that the United States shall have the right to seek judicial enforcement of this assurance.

The grantee, as the awardee organization, is legally and financially responsible for all aspects of this award including funds provided to sub-recipients in accordance with 45 CFR §§ 75.351-75.352, Subrecipient monitoring and management.

I hereby certify that the state or territory will comply with Title XIX, Part B, Subpart II and Subpart III of the Public Health Service (PHS) Act, as amended, and summarized above, except for those sections in the PHS Act that do not apply or for which a waiver has been granted or may be granted by the Secretary for the period covered by this agreement.

I also certify that the state or territory will comply with the Assurances Non-Construction Programs and Certifications summarized above.

BSCA Funding Plan 2025

The Guam Behavioral Health & Wellness Center (GBHWC) is pleased to submit this proposal provided by the Bipartisan Safer Communities Act (BSCA) (P.L. 117-159) to continue to expand mental health care by utilizing funding to support the implementation of early identification of individuals experiencing first episode psychosis/early serious mental illness symptom within the Guam Department of Education (GDOE) school system.

Additionally, funding will be utilized for crisis service brochures/resource information for distribution within the emergency departments, emergency shelters, mayor's offices, police department, and other organizations and agencies that serve individuals in crisis.

GBHWC is requesting to utilize the funds for the BSCA coordinator to coordinate activities related to the development of the early identification of individuals experiencing FEP/ESMI within GDOE and to develop the crisis service brochures/resource information for distribution to government, non-government and community organizations that service individuals in crisis. The BSCA coordinator will also assist in the development of the MOU between GDOE and GBHWC for referrals for the FEP/ESMI population.

Proposed/Planned Activities:

- BSCA coordinator, referrals and coordination of service
- Printing educational brochures

PROJECTED BUDGET:

CATEGORY	DESCRIPTION	AMOUNT
Recruitment	BSCA coordinator (carry out activities, including referral and coordination of services, related to the FEP/ESMI population)	\$25,135.00
Supplies	Fuel Coupons for BSCA travel reimbursement	\$1,000.00
Supplies	Early intervention materials for FEP/ESMI population to include fact sheets, coping strategies, etc. and Crisis service brochures	\$3,000.00
TOTAL:		\$ 29,135.00

^bThe expenditure period for The American Rescue Plan Act of 2021 (ARP) supplemental funding is **September 1, 2021 - September 30, 2025**. Per the instructions, the standard MHBG expenditures captured in Columns A-G are for the state planned expenditure period of July 1, 2024 - June 30, 2025, for most states. SAMHSA is only looking for the expenditures the state plans to expend in FY2025 in this table.

^cThe expenditure period for the 2nd and 3rd allotments of the Bipartisan Safer Communities Act (BSCA) funding is **September 30, 2023 – September 29, 2025 (2nd increment) and the September 30, 2024 – September 29, 2026 (3rd increment)**. For most states the planned expenditure period for FY2025 will be July 1, 2024, through June 30, 2025. SAMHSA is only looking for the expenditures the state plans to expend in FY2025 in this table.

^dWhile the state may use state or other funding for prevention services, the MHBG funds must be directed toward adults with SMI or children with SED.

^eColumn 3 should include Early Serious Mental Illness programs funded through MHBG set aside.

^fRow 10 should include Behavioral Health Crisis Services (BHCS) programs funded through different funding sources, including the MHBG set aside. States may expend more than 5 percent of their MHBG allocation.

^gPer statute, administrative expenditures cannot exceed 5% of the fiscal year award.

15. Crisis Services – Required for MHBG, Requested for SUPTRS BG

Narrative Question

Substance Abuse and Mental Health Services Administration (SAMHSA) is directed by Congress to set aside 5 percent of the Mental Health Block Grant (MHBG) allocation for each state to support evidence-based crisis systems. The statutory language outlines the following for the 5 percent set-aside:

....to support evidenced-based programs that address the crisis care needs of individuals with serious mental illnesses and children with serious emotional disturbances, which may include individuals (including children and adolescents) experiencing mental health crises demonstrating serious mental illness or serious emotional disturbance, as applicable.

CORE ELEMENTS: At the discretion of the single State agency responsible for the administration of the program, the funds may be used to expend some or all of the core crisis care service components, as applicable and appropriate, including the following:

- *Crisis call centers*
- *24/7 mobile crisis services*
- *Crisis stabilization programs offering acute care or subacute care in a hospital or appropriately licensed facility, as determined by such State, with referrals to inpatient or outpatient care.*

STATE FLEXIBILITY: In lieu of expanding 5 percent of the amount the State receives pursuant to this section for a fiscal year to support evidence based programs as required a State may elect to expend not less than 10 percent of such amount to support such programs by the end of two consecutive fiscal years.

A crisis response system will have the capacity to prevent, recognize, respond, de-escalate, and follow-up from crises across a continuum, from crisis planning, to early stages of support and respite, to crisis stabilization and intervention, to post-crisis follow-up and support for the individual and their family. SAMHSA expects that states will build on the emerging and growing body of evidence for effective community-based crisis-intervention and response systems. Given the multi-system involvement of many individuals with M/SUD issues, the crisis system approach provides the infrastructure to improve care coordination, stabilization service to support reducing distress, promoting skill development and outcomes, manage costs, and better invest resources.

SAMHSA developed [Crisis Services: Meeting Needs, Saving Lives](#), which includes "[National Guidelines for Behavioral Health Crisis Care: Best Practice Toolkit](#)" as well as an [Advisory: Peer Support Services in Crisis Care](#) and other related National Association of State Mental Health Programs Directors (NASMHPD) papers on crisis services. SAMHSA also developed "[National Guidelines for Child and Youth Behavioral Health Crisis Care](#)" which offers best practices, implementation strategies, and practical guidance for the design and development of services that meet the needs of children, youth and their families experiencing a behavioral health crisis. Please note that this set aside funding is dedicated for the core set of crisis services as directed by Congress. Nothing precludes states from utilizing more than 5 percent of its MHBG funds for crisis services for individuals with serious mental illness or children with serious emotional disturbances. If states have other investments for crisis services, they are encouraged to coordinate those programs with programs supported by this new 5 percent set aside. This coordination will help ensure services for individuals are swiftly identified and are engaged in the core crisis care elements.

1. Briefly narrate your state's crisis system. For all regions/areas of your state, include a description of access to the crisis call centers, availability of mobile crisis and behavioral health first responder services, utilization of crisis receiving and stabilization centers.

GBHWC integrated the crisis now model with its existing crisis services to include crisis intervention. GBHWC enhanced crisis services by utilizing the SAMHSA Crisis Services Best Practice Toolkit, ensuring that the modality is in alignment to national best practices and that individuals receive the best quality care when they need it most. Three crisis behavioral health services are currently implemented. GBHWC strives to strengthen Guam's crisis continuum of care through continued partnerships and collaborations with stakeholders and ensuring that those in crisis have "Someone to Talk to, Someone to Respond to, and a safe Place to Go."

GBHWC became a lifeline center in January 2021 and launched 988 in July 2022. The GBHWC Guam Lifeline Center has maintained an answer rate of over 95% of these calls and now has the capability to answer chat and text contacts at the local level. As part of being a certified network, regardless of whether the contact is answered locally, all calls, chats and texts are answered by trained crisis counselors able to help throughout other established networks.

GBHWC launched the MCRT (Mobile Crisis Response Team) pilot program on June 2022 through funding from the CCBHC grant. This closed in November 2023 and the MCRT service paused for 7 months. New funding through the child care development block grant now supports the service. MCRT is offering limit crisis response only to active consumers of GBHWC and to fully launch 24 hours, 7 days a week by October 2024.

The current structure of the MCRT provides on-site intervention for consumers experiencing a behavioral health crisis. The core elements of the MCRT are: 1) Crisis Prevention-working in collaboration with law enforcement, schools, and the child welfare system that already have a connection to the SED/SMI, 2) Early Intervention-identifying risk factors and providing immediate interventions before symptoms become acute and 3) Acute Intervention - providing intensive interventions where the crisis is occurring allowing for individuals to stay in their most comfortable environment. The intended outcome of the MCRT is to decrease the number of consumers who need to access higher levels of care (such as hospitalization), increase the level of support in the community, and reduce involvement in the legal system. In addition, the MCRT has offered and provided clients follow-up care for up to two weeks, ensuring their well-being and linking them to ongoing care and services when needed.

GBHWC Crisis Stabilization Unit, also known as the inpatient psychiatric unit provides for a short period, depending on the need of the individual and the family;

2. In accordance with the guidelines below, identify the stages where the existing/proposed system will fit in.

a) The **Exploration** stage: is the stage when states identify their communities' needs, assess organizational capacity, identify how crisis services meet community needs, and understand program requirements and adaptation.

b) The **Installation** stage: occurs once the state comes up with a plan and the state begins making the changes necessary to implement the crisis services based on the SAMHSA guidance. This includes coordination, training and community outreach and education activities.

c) **Initial Implementation** stage: occurs when the state has the three-core crisis services implemented and agencies begin to put into practice the SAMHSA guidelines.

d) **Full Implementation** stage: occurs once staffing is complete, services are provided, and funding streams are in place.

e) **Program Sustainability** stage: occurs when full implementation has been achieved, and quality assurance mechanisms are in place to assess the effectiveness and quality of the crisis services.

Other program implementation data that characterizes crisis services system development.

1. Someone to talk to: Crisis Call Capacity

a. Number of locally based crisis call Centers in state

i. In the 988 Suicide and Crisis lifeline network

ii. Not in the suicide lifeline network

b. Number of Crisis Call Centers with follow up protocols in place

c. Percent of 911 calls that are coded as BH related

2. Someone to respond: Number of communities that have mobile behavioral health crisis mobile capacity (in comparison to the total number of communities)

a. Independent of first responder structures (police, paramedic, fire)

b. Integrated with first responder structures (police, paramedic, fire)

c. Number that employs peers

3. Safe place to go or to be:

a. Number of Emergency Departments

b. Number of Emergency Departments that operate a specialized behavioral health component

c. Number of Crisis Receiving and Stabilization Centers (short term, 23-hour units that can diagnose and stabilize individuals in crisis)

a. Check one box for each row indicating state's stage of implementation

b. Briefly explain your stages of implementation selections here.

Someone to talk to: GBHWC is at 75% of the majority implementation. Currently the lifeline is funded through grant funds. Program will be fully sustained if 100% locally funded. Additionally, collaboration between the lifeline and other hotlines/warmlines in operation in Guam needs to happen in order to have comprehensive system of crisis response.

Someone to respond: GBHWC mobile crisis response team is funded through the child care development block grant and is in soft launch phase with full 24-hours operation by October 2024. Although there is collaboration with law enforcement, GBHWC also needs to develop a collaborative relationship with the hospital's emergency department.

Safe place to go or to be: by mandate, GBHWC must continue to provide crisis stabilization/inpatient services. Individuals must meet criteria for admission. GBHWC is reviewing other options for individuals in crisis that does not require intensive hospitalization.

3. Based on SAMHSA's National Guidelines for Behavioral Health Crisis Care, explain how the state will develop the crisis system.

4. Briefly describe the proposed/planned activities utilizing the 5 percent set aside.

The 5% set aside will continue to support the current crisis system through the use of staff to provide emergency crisis intakes and assessment.

21. State Planning/Advisory Council and Input on the Mental Health/Substance use disorder Block Grant Application- Required for MHBG

Narrative Question

Each state is required to establish and maintain a state Mental Health Planning/Advisory Council to carry out the statutory functions as described in 42 U.S. C. 300x-3 for adults with SMI and children with SED. To meet the needs of states that are integrating services supported by MHBG and SUPTRS BG, SAMHSA is recommending that states expand their Mental Health Advisory Council to include substance misuse prevention, SUD treatment, and recovery representation, referred to here as an Advisory/Planning Council (PC). SAMHSA encourages states to expand their required Council's comprehensive approach by designing and implementing regularly scheduled collaborations with an existing substance misuse prevention, SUD treatment, and recovery advisory council to ensure that the council reviews issues and services for persons with, or at risk, for substance misuse and SUDs. To assist with implementing a PC, SAMHSA has created [Best Practices for State Behavioral Health Planning Councils: The Road to Planning Council Integration](#).¹

Planning Councils are required by statute to review state plans and implementation reports; and submit any recommended modifications to the state. Planning councils monitor, review, and evaluate, not less than once each year, the allocation and adequacy of mental health services within the state. They also serve as an advocate for individuals with M/SUD problems. SAMHSA requests that any recommendations for modifications to the application or comments to the implementation report that were received from the Planning Council be submitted to SAMHSA, regardless of whether the state has accepted the recommendations. The documentation, preferably a letter signed by the Chair of the Planning Council, should state that the Planning Council reviewed the application and implementation report and should be transmitted as attachments by the state.

¹<https://www.samhsa.gov/grants/block-grants/resources> [samhsa.gov]

Please consider the following items as a guide when preparing the description of the state's system:

1. How was the Council involved in the development and review of the state plan and report? Attach supporting documentation (e.g. meeting minutes, letters of support, etc.)
2. What mechanism does the state use to plan and implement community mental health treatment, substance misuse prevention, SUD treatment, and recovery support services?

The Governor's Prevention Education and Community Empowerment (PEACE) Council was established for the following purposes:

- To advise the Governor of Guam on current state and community-level programs, policies and practices relative to mental health promotion and substance abuse prevention, and early intervention efforts and resources needed;
- To support the work of Guam's State Epidemiological Outcomes Workgroup (SEOW) in the collection, analysis, and reporting of Guam data on mental health and substance abuse consumption patterns and consequences;
- To guide and support state and community-level organizations in their development and implementation of comprehensive mental health and Substance Abuse Prevention and Early Intervention Plans for Guam that are: data-driven, strategic, culturally relevant, and sustainable for Guam; and
- To advocate for the strategic use of data by government-funded entities for determining what mental health and substance abuse prevention policies, programs, and practices serve to be the most necessary and effective for the people of Guam.

Additionally, the PEACE office continues to implement a strategic Alcohol Prevention Social Marketing Campaign through the One Nation Campaign.

3. Has the Council successfully integrated substance misuse prevention and SUD treatment and recovery or co-occurring disorder issues, concerns, and activities into its work? Yes No
4. Is the membership representative of the service area population (e.g. ethnic, cultural, linguistic, rural, suburban, urban, older adults, families of young children)? Yes No
5. Please describe the duties and responsibilities of the Council, including how it gathers meaningful input from people in recovery, families, and other important stakeholders, and how it has advocated for individuals with SMI or SED.

By virtue of EO-89-11, the Council is assigned the role of advocate for adults, children, elderly, and other individuals with severe mental illness or emotional problems, and has the responsibility to ensure mental health services within the Territory of Guam are properly allocated and adequate.

Further, EO-89-11 mandates that there be 15 (fifteen) Council members, comprised of "...at least half non-governmental employees

or providers of services," with primary consumers and family members having balanced representation. Guam state agency representatives from "mental health, higher education training facilities, and public and private entities concerned with mental health and related services" should also be included.

Lastly, Article II of the Council Bi-Laws sets the following as the Council's purpose:

- (1) "to exchange information and develop, evaluate and communicate ideas about mental health planning,
- (2) to write and/or amend the Federal and Governmental Mental Health Services Block Grant plan for mental health services in Guam and recommend such plans to the Guam state government,
- (3) to advise the Government of Guam concerning proposed and adopted plans affecting mental health services provided or coordinated by the state and the implementation thereof,
- (4) to monitor, review and evaluate the allocation and adequacy of mental health services in Guam and to advise the Government of Guam concerning the need for and quality of services and programs for persons with mental illness on Guam, and
- (5) to develop and take advocacy positions concerning legislation and regulations affecting mental health."

In addition, Article III, Section 3 of the Council Bi-Laws mandate that there be regular, monthly public meetings, as well as provides for specific set-aside opportunities for the public to directly address the Council during those meetings.

Recent Council agenda items include the possibility of the inclusion of incarcerated consumers as part of the Council and, at the least, enabling these individuals to participate in regular Council meetings while in the Guam Department of Corrections facility.

Additionally, the Council has established an Outpatient Commitment Law Subcommittee in order to allow for discussion and evaluation of the statute and its impacts.

Lastly, the Children's Subcommittee Chair has requested support to increase public awareness regarding the implementation of Universal Screening tools within the Guam Department of Education. Each of the aforementioned items are still in discussion, but are hoped to be acted on as the opportunities present themselves.

The Council has also recently been afforded the opportunity to participate in Technical Assistance training to be facilitated by Advocates for Human Potential, Inc. (AHP) who will provide leadership development, operational, and work and strategic planning training.

Please indicate areas of technical assistance needed related to this section.

OMB No. 0930-0168 Approved: 06/15/2023 Expires: 06/30/2026

Footnotes:

The Council has discussed reducing the frequency of meetings from monthly to either quarterly or semi-annually, and, in the interim, having the subcommittees meet monthly. It is hoped the change will promote increased and consistent attendance, while still preserving the Council's ability to effectuate significant influence that advances beneficial change for the target population. Further discussions are required, as well as a vote by the Council to amend the bi-laws to reflect the frequency change.

Dear Director Arriola, GBHPC Chair Hahn, and GBHPC Members:

As discussed at the GBHPC meeting held on January 18, 2024, regarding the Crisis Prevention & Intervention Training, the training will include verbal and physical intervention strategies. Please see the brief descriptions below:

CPI Training Programs

CPI training provides the de-escalation techniques and person-centered behavior management strategies you need to create a culture of safety in your workplace. Explore our programs to find the best fit for your organization and risk level.

Verbal Intervention™

Give your staff the skills to identify, respond to, and verbally de-escalate distress behavior in a safe, hands-off way.

- Improve decision making
- Gain the confidence to recognize risk behavior & effectively respond to defensive behaviors
- Understand what's behind behavior
- Address the needs of the individual

Nonviolent Crisis Intervention®

includes Verbal Intervention™

Equip your staff with problem-solving and decision-making skills to recognize the level of risk and apply the most appropriate verbal and/or physical interventions.

- Improve decision making
- Minimize physical interventions
- Gain the confidence to recognize risk behavior & respond to defensive behaviors
- Understand what's behind behavior
- Address the needs of the individual

The training program offers and we will request the addition of autism spectrum disorder, mental health, and trauma as part of the trainer certification program.

The Geriatric Workforce Enhancement Program (GWEP) grant will fully fund the training and books. The UOG School of Nursing (POC: Dr. Ana Joy Mendez) will conduct the training. The GBHPC may contribute incidentals such as refreshments for participants/trainees and trainers.

No financial contribution will be required from the GBHPC or participants/trainees.

The training will be conducted in person and will be approximately seven (7) hours in duration, including an exam.

The training venue will be UOG.

The earliest training availability is the second week in March 2024; however, given the time constraints, I am inquiring about the availability of April 2024 and May 2024 for training.

Participants/trainees will include four (4) cohorts of 12 to 14 people and must be direct service providers (paid staff) as there are required deliverables of the training. Training for volunteers may be planned and scheduled for a future time.

Possible participants/trainees may include representatives from the following organizations:

- GBHPC including
 - GBHWC
 - Tohge
 - Peer and Consumer Advocates
 - Guam Legal Services
 - GDOE including teachers, counselors, health professionals, and other staff providing direct services to children with disabilities or placed at risk
 - Judiciary of Guam including Client Services & Family Counseling Division, Probation Division, and Marshal Services Division
 - GPD
 - DYA
 - GDDC
 - DISID
 - DPHSS including foster parents, CPS, APS, and other health and social services professionals and staff providing direct services to clients
 - OHAPP
- Private schools including teachers, counselors, health professionals, and other staff providing direct services to children with disabilities or placed at risk
- Other direct service provider organizations

For each of the listed organizations above, please provide the names, titles, and brief descriptions of the roles/responsibilities of three (3) representatives from your respective organizations and submit the information to Brian Hahn, GBHPC Chair, at brian_hahn10@gmail.com and Alicia Limtiaco, GBHPC Planning Chair, at alimtiaco.rc@guamcourts.gov by Monday, March 4, 2024.

CPI does not have a strict requirement on recertification but strongly recommends retaking the training after one (1) year from certification to ensure that participants/trainees have the most up-to-date information.

Thank you.

Sincerely,

Alicia A.G. Limtiaco, Esq.

22. Public Comment on the State Plan - Required

Narrative Question

[Title XIX, Subpart III, section 1941 of the PHS Act \(42 U.S.C. § 300x-51\)](#) requires, as a condition of the funding agreement for the grant, states will provide an opportunity for the public to comment on the state block grant plan. States should make the plan public in such a manner as to facilitate comment from any person (including federal, tribal, or other public agencies) both during the development of the plan (including any revisions) and after the submission of the plan to SAMHSA.

Please respond to the following items:

1. Did the state take any of the following steps to make the public aware of the plan and allow for public comment?

a) Public meetings or hearings? Yes No

b) Posting of the plan on the web for public comment? Yes No

If yes, provide URL:

If yes for the previous plan year, was the final version posted for the previous year? Please provide that URL:

c) Other (e.g. public service announcements, print media) Yes No

Please indicate areas of technical assistance needed related to this section.
