One (1) CW at .5% of time, scope of work includes assisting the Program Manager with the implementation of Sagan Mami Program activities and services; ensure that the Enrichment Center and Drop-In Center program plans are being followed, ensure quality activities and support for members; provide supervision as necessary; will be responsible for coordinating access to community support services, instruction, and guidance, to name a few.

One (1) PS at .5% of time, scope of work includes providing peer support services to members of the Sagan Mami Program. Under supervision of the Sagan Mami Program Manager, the Peer Specialist will function as a role model to peers; exhibiting competency in personal recovery and use of coping skills; serve as a member advocate, providing consumer information and peer support for members. The PS performs a wide range of tasks to assist peers in regaining independence within the community and mastery over their own recovery process. Recovery resources such as booklets, tapes, pamphlets, and other written materials will be utilized by the Peer Specialist in the provision of services.

B. Collaboration

Guam Behavioral Health and Wellness Center (GBHWC) remains a CARF accredited facility and recently completed our re-accreditation survey in February 2024. GBHWC has attested to be a Certified Community Behavioral Health Clinic (CCBHC) as we continue to move forward in expanding our efforts through systemic changes.

GBHWC has an ongoing collaborative relationship with the Guam Housing and Urban Renewal Authority (GHURA). GHURA was established by Public Law 6-135 on December 18, 1962. GHURA is designated by the Governor of Guam to administer funds received for Guam through the U.S. Department of Housing and Urban Development's (HUD's) various funding programs.

GBHWC as well as many of the island's non-profit organizations and other government entities apply for funding from GHURA for community development, housing vouchers, and other housing programs. GBHWC as well as the PATH provider, Guma Mami, Inc. are active participants in the Guam Homeless Coalition-Continuum of Care and attend monthly meetings as well as Guam Homeless Coalition-Strategic Planning Committee and attend weekly meetings to coordinate services for individuals who unhoused and to address systemic barriers around homelessness.

In 2020, the Governor of Guam signed executive order 2020-03 reconstituting the Interagency Council for Coordinating Homelessness Programs, as well as establishing the Office of Homelessness Assistance and Poverty Prevention (OHAPP) to address the rising concern of homelessness in Guam. In January 2025, the Governor of Guam signed executive order 2025-01 establishing the Division of Homelessness Assistance and Poverty Prevention under the Department of Public Health and Social Services as a permanent division emphasizing the commitment to address this social issue systemically and through collaboration among community partners to continue to pursue solutions to assist individuals living without a home or in substandard housing. GBHWC has a representative that is a current officer for the Homeless Coalition who also plays a critical role in the Annual Housing and Homelessness Summit.

Additionally, GBHWC collaborates with other organizations such as the Department of Public Health, Veteran's Administration, WestCare Pacific Islands, Vet Centers to ensure ongoing services and benefits for eligible SMI consumers are received. Department of Corrections and GBHWC works closely in transitioning consumers from the prison system into the community. GBHWC, the court system and DOC are partners in the second chance re-entry grant program for individuals with mental illness including those with co-occurring disorders.

PATH funds will be used for the Sagan Mami program Drop-In Center. Case management services will be provided by the GBHWC social workers and care coordinators which will include assisting our SMI population with accessing and obtaining housing through the various GHURA housing programs under Section 8 such as Housing First, Non-elderly with disabilities, Mainstream, public housing, and other permanent supportive housing programs.

Through a Request for Proposals (RFP) process, the non-profit organization, Guma Mami Inc. (GMI) was found qualified to be the vendor for the Sagan Mami Programs and awarded a contract for an initial term period starting April 1, 2024 through September 29, 2024. An amendment for renewal was approved and the period was extended through September 29, 2025. The final renewal amendment makes the final period September 28, 2025 through September 29, 2026, for a grand total of three years. GBHWC will begin the RFP process in fiscal year 2026 and intends to announce during May or June of 2026, with an anticipated award on or before August of 2026. This agreement will be for 3 years.

The municipalities of Hagatña and Tamuning have been identified by GBHWC as the areas where the greatest concentration of homeless individuals with mental illness are located. However, it should be noted that any individual with lived experience of mental illness in the Guam and is homeless and in need of services will be served at **SAGAN MAMI** regardless of residence on the island, which is geographically small: 32 miles long and 8-12 miles wide.

The Guam Homeless Coalition-Continuum of Care (GHC-COC) Homeless Point-in-Time (PIT) count was conducted on January 31, 2025, the data is still under review and the report has not been published as of this date. The PIT count is conducted island wide with hundreds of volunteers providing outreach throughout the island to individuals and families living in conditions that meet the category of homeless as defined by U. S. Housing and Urban Development (HUD).

In FY 2024, 27 individuals with SMI experiencing homelessness were served at Sagan Mami during the evening Drop-In Center hours.

On January 26, 2024, the PIT count was conducted which indicated 1,249 homeless individuals surveyed. There were 144 in emergency shelters, 1 in transitional housing and 1,104 unsheltered individuals. Please see the table below. Out of 1,249 individuals surveyed, 844 were reported to be 18 years and older.

I. Location of Individuals with Serious Mental Illnesses who are Experiencing Homelessness

The 2024 PIT count also identified subpopulations to include those adults with a serious mental illness, substance use disorder, HIV/AIDS, survivors of domestic violence and veterans' population. Barriers and challenges with capturing data, for SMI, is that data is captured through self-disclosures, and one may not want to disclose that they have a SMI due to stigma. It is assumed that there is a higher representation with adults with SMI than what has been captured in the latest report.

Currently there is 1 staff member in the PATH program that completed SOAR Training, and 1 staff member is working on his certification. However, the goal is to have all staff under the PATH program to complete this training.

There were 3 individuals who assisted with SOAR in the PATH program. However due to referral process through GBHWC's Community Support Services, these efforts are also coordinated through case management services.
